

TESTIMONIES

"In every city there are certain women called by God, to establish business for the furtherance of the Kingdom of God. Priscilla is found in Jerusalem and Ephesus. Lydia and Eunice were charged by the Lord to multiply their faith to those which they did business. Therefore it is not surprising to find Doris Ng establishing a "God Fearing Agency". Her agency is an extension of their declaration and your opportunity to tap the flow of faith, which has made her exceptional.

As a former insurance advisor, Foundation President, Author, and Teacher, it is with great joy that I recommend this agency as a place where you can grow professionally, spiritually, and financially. Here you can be a part of the values that have prospered the entire global economy."

"In recent years the book Purpose Driven Life with its 30 million copies sold has revealed something I have always believed to be true; people not only care about what they do, but why they do it. This is what sets Doris Ng's "God fearing agency" apart. The associates come with a sense of purpose and destiny. They come ready to serve. They come to see Christ's kingdom lived out and manifested in the marketplace. And it's working. It's as though the eyes of the Lord have run to and fro throughout the earth and stopped:

"Here is a group of people that I can bless. Here is a team of people who desire to see me glorified. Here is a people I can trust with my resources."

We expect God to say this about His church; but how refreshing to know that He is saying this in the marketplace as well!

Thanks so much for fulfilling your callings as true partners with those of us who are carrying the torch of God's light into the nations yet groping in deep darkness! "

"Doris Ng and her associates are a team dedicated to making the Lord visible in the marketplace as well as providing a quality service in their line of business. Their support, care and concern for each other in order to spur each one towards being conformed into the likeness of Christ has created a team-spirit that is clearly seen. I have seen their dedication to the business as well as to the Lord and it is with great joy that we have developed a genuine friendship. They are truly co-workers in the Kingdom of God."
