

Dear Children's Pastors, Directors, and Teachers,

We at SEAPC (South East Asia Prayer Center) sincerely hope to help you inspire your kids in mission work and the many ways God is using people to reach the nations.

These pages can be used however you creatively choose. They can be found on our website under the "resources" tab at the top menu when you go to www.seapc.us. Feel free to copy and distribute with our blessing.

Please send us feedback about how you used it or if you used it. elliegep@seapc.us or call my cell 412 480 5711.

I would love to see your participation with word puzzles and games contributed by your kids. Your church and child would receive full credit when it is used. These pages are found monthly in our newsletter which you can receive by asking at no cost as well as the ones sent like this to the churches.

As you can see quickly, I have not held to a particular age group. I know, having taught for many years, that teachers are good at adapting. If they can't read, for example, have them follow the pictures while you read or tell the story. Playing a game after discussions can help them pull out key thoughts. Example game, Form 2 teams each team having a number of spaces lines for a key word on the board. Ask questions about the page and give a letter of the word for each correct answer until the word is complete. Use your own winner's reward system.

Help me make this a useful tool by adding your input. It is our effort to stir kids hearts to hear God's call and respond! Please pray for us.

Serving Christ together with you, Ellie and SEAPC

Kids Ministry

Free For Your Use...

Hello from Ellie!

We at SEAPC thought you might like some Kid-style materials that fit with any missions inputs you are doing.

My number is 412-480-5711.
Please call me with your feedback.
